

# Follicleanse ME Plus Shampoo

## Clarifying & Moisturizing Shampoo with Peppermint & Menthol

Follicleanse Me® PLUS is a deep cleaning, clarifying shampoo with the refreshing and invigorating aroma of peppermint and menthol. Formulated with Emu Oil, Follicleanse Me® PLUS deep cleanses the hair and scalp while regulating scalp oils and penetrates deep to moisturize. A clarifying peppermint shampoo that moisturizes and heals the scalp and hair, Follicleanse Me® PLUS provides a cool, refreshing sensation and fragrance.

Deep cleaning clarifying shampoo

Invigorating aromatic peppermint and menthol

Emu Oil and Menthol clean and moisturize

Our Best Selling Shampoo..now with Peppermint and Menthol in a Moisturizing Formula

Invigorate and rejuvenate your hair and scalp with the refreshing aroma of Peppermint and Menthol. Peppermint excites and stimulates circulation while providing a tingling sensation to tell you its working to cleanse and stimulate.

Menthol, with local anesthetic and counter irritant properties, reduces itching and soothes and cools. Formulated to relieve itchy, oily scalp and reduce dandruff, Follicleanse Me® PLUS invigorates the senses while soothing and nourishing the scalp.

### Moisturizes & Protects for Healthy Hair Growth

Follicleanse Me® PLUS was formulated specifically to bridge the gap of clarifying and moisturizing shampoos. Rich in Emu Oil, Follicleanse Me® PLUS infuses deep moisture and carries nutrient, minerals, botanical extracts and vitamins to the root and bulb to promote healthy hair growth. A soothing astringent, Emu Oil and Peppermint are anti-bacterial and anti-inflammatory agents that soothe redness, itching and reduce flaking.

### Soothes & Heals Dry, Itchy Scalp

Follicleanse® is our best-selling dandruff and scalp itch shampoo. Now the formula has been advanced to include the refreshing, cooling effects of peppermint and menthol with the deep cleaning benefits and moisturizing properties of Emu.

Formulated with Jojoba, Emu and Peppermint oils to help sooth dry, tight scalp, the tingling blend of menthol and peppermint oils leaves a cool, clean and fresh feeling scalp while helping to reduce hair loss.

### Peppermint & Menthol Invigorate and Stimulate

Improve alertness, improve your concentration and revive your senses with this peppermint oil-based shampoo. A refreshing, fragrant cleansing complex, it awakens and stimulates the senses with menthol and peppermint valued for their cooling and antiseptic benefits.

It helps open breathing passages while cleansing and toning skin pores reducing oily hair, skin irritation, scalp acne, dandruff, and scalp psoriasis. Its tingling sensation tells you its working!

The sebum, cholesterol, dirt and bacteria must all be removed and constantly irrigated. Follicleanse shampoo irrigates the follicle while also providing several other important things:

- 1) Fenugreek is a natural stimulant that increases blood supply including oxygen and vital nutrients to the root.
- 2) Fenugreek and B Vitamins help to stop the formation of dht in the hair follicle from the sebaceous gland
- 3) Panthenol in extreme amounts (4 times more than the best known hair shampoo promoted for pro v) Panthenol is the only vitamin that penetrates the hair shaft to expand the hair and add health.
- 4) Ivy Burdock, Thyme and Sage all work to prevent and cleanse DHT while stimulating blood flow.

This shampoo is designed to cleanse away impurities from the scalp and the hair that can cause an itch. It helps to remove any flaky scalp problems as well.

### Directions for use:

Follicleanse Me PLUS® with peppermint menthol formulation. A clarifying shampoo with moisturizing propertied. Wash hair thoroughly with a generous application of shampoo. Massage scalp gently from front to back and rinse thoroughly after washing. Warning: Peppermint and Menthol create a cooling, soothing sensation that may not be compatible with sensitive scalps or skin.
